**DEBRO**

# Revêtements et encres

Notre vaste gamme de produits comprend résines et pigments, minéraux de performance et agents de surface, et les chargés de comptes chevronnés de Debro s'assurent que nos clients obtiennent les matières premières qui répondent à leurs besoins et à leurs attentes à l'égard de la qualité. Avec une expérience de près d'un siècle auprès de ses clients pour les aider à mettre au point des formulations novatrices, Debro est le distributeur de choix pour les entreprises qui recherchent des solutions fiables

| FONCTION                             | SOLUTION  |
|--------------------------------------|---|
| Agents de conservation               | Biocide, Pesticide, Fungicide, In-Can Preservatives, Film Mildewcides, Disinfection Products, Wood Preservatives  |
| Agents épaississants                 | Xanthan Gum, Castor Oil Based-Thickeners, Carboxymethyl Cellulose, Polyethylene Fiber Thixotropes, Organo Clay  |
| Matières de remplissage et de charge | Ball Clay, Attapulgite Clay, Kaolin Clay, Calcined Kaolin, Silica, Calcined Clays, Hydrous Clays, Delaminated Clay, Kaopolite Abrasive Clays, Filler Clays, Calcium Carbonate, Air Float Clays, Hard Clays, Soft Clays, Chemically Modified Clays, Minspar Feldspar Filler, Precipitated Calcium Carbonates, Barium Sulphate, Calcined Silica, Talc             |
| Pigments et colorants                | Ferric Oxide, Micaceous Iron Oxide, Titanium Dioxide, Ink Jet Dyes, Water Soluble Dyes, Wood Stain Dye, Transparent Iron Oxide, Buff Titanium Dioxide, Anti-Corrosion Pigments  |
| Produits ignifuges                   | Ammonium Hydroxide, Aluminum Trihydrate, Zinc Chloride, Sodium Borate, Ammonium Sulphate, Hydrated Aluminum, Smoke Suppressors  |
| Adjuvants de filtration              | Diatomaceous Earth, Perlite   |
| Additifs                             | Alkyd Emulsion, Oil Emulsion, Silicone & Organic Esters, Freeze-Thaw Additives, Stain Blockers, Intumescent Additives   |
| Résines                              | High Performance Masonry Resins, Dry and Solution Acrylic Resins, Emulsified Binding Systems, Floor Polish Polymers, Textile and Non-Woven Polymers, Release Polymers, Epoxy Resins, Hydrocarbon Resins, PVA, Vinyl Acrylic, SBL  |
| Agents de surface et de dispersion   | Fluorosurfactant, Nonionic Surfactant, Alcohol Ethoxylate, Fatty Alcohol, Fatty Acid Blend, Alkyl Phenol Ethoxylate, Phosphate Ester, Difunctional Block Copolymer, Aliphatic Ethoxylate, Alkyl phosphate, Castor Oil Ethoxylate, Ethoxylated Sorbitol Esters, Tertiary Amines, Blocked Copolymers, Specialty Amines, Open Time Extender, Freeze-Thaw Additives |
| Adjuvants de fabrication             | Zinc Nitrate, Oxalic Acid, Tin Oxide, Malic Acid, Fumaric Acid, Calcium Nitrates, Zinc Chloride, Zinc Ammonium Chloride, Caustic Soda, Soda Ash, Aluminum Nitrate, Magnesium Nitrate, Rust Inhibitors   |
